

INVITATION TO BID

The City of Lebanon, New Hampshire invites sealed bids for the Laro Development Water System Improvements Project in Lebanon, New Hampshire. Sealed bids will be accepted until 2:00 PM on Thursday, March 8, 2012 at the Lebanon Department of Public Works, 193 Dartmouth College Highway, Lebanon, New Hampshire, at which time and place they will be opened and publicly read.

Project Summary: This project consists of a base bid with two additive alternatives.

Base Bid work includes installation of approximately 1,400 linear feet of 8" ductile iron water main replacing approximately 590 linear feet of 6" cast iron main and 790 linear feet of 8" transite pipe in Rita and Kinne Streets; replace and reconnect the existing service lines from the new main to the existing curb installation of new hydrants; saw cutting, removal, and disposal of existing pavement; filling existing water main to be abandoned in place with flowable fill; asbestos pipe removal by licensed abatement specialist; removal and disposal of existing water main; exploratory excavation; pavement patching; milling and pavement overlay; and restoration of lawns and grasses.

Additive Alternative A work includes replacing approximately 375 linear feet of 8" cast iron water main with 8" ductile iron and replace and reconnect the service lines to the existing curb stops on Gray Street; saw cutting, removal, and disposal of existing pavement; filling existing water main to be abandoned in place with flowable fill; removal and disposal of existing water main; exploratory excavation; pavement patching; milling and pavement overlay; and restoration of lawns and grasses.

Additive Alternative B work includes replacing approximately 780 linear feet of cast iron water main with 8" ductile iron pipe on Laro Street and replace and reconnect service lines to the existing curb stops; installation of new hydrants; saw cutting, removal, and disposal of existing pavement; filling existing water main to be abandoned in place with flowable fill; removal and disposal of existing water main; exploratory excavation; pavement patching; milling and pavement overlay; and restoration of lawns and grasses.

A **MANDATORY PRE-BID** conference is scheduled for Wednesday, February 8, 2012 at 2:00 PM. All bidders are to meet at the Lebanon Department of Public Works, 193 Dartmouth College Highway, Lebanon, New Hampshire. All attendees will visit the site following the meeting.
